

Log Book

Jan. 21st

Today I spent about an hour and a half researching. Also, I came to the conclusion that solar time is more accurate than sidereal time.

Jan. 26th

Today I updated my CYSF page.

Jan. 31st

Today I updated my slideshow.

Feb. 1st

Today I overviewed my slides.

Feb. 6th

Today I wrote down my acknowledgements on CYSF.

Feb. 7th

Today I checked the grammar and spelling on my slides.

Feb. 14th

Today I found certain definitions, such as the Vernal Equinox. I also developed a better understanding of my overall project.

Feb. 21st

Today I included scientific principles and began the “what’s next” slide on my slideshow.

Feb. 23rd

Today I concluded the “what’s next” slide on my slideshow.

Feb. 28th

Today I printed my slideshow to put on my trifold.

Mar. 3rd

Today I started and finished my trifold. It turned out amazing!

Mar. 4th

Today I made my script.
